

08253800 - Ford Transit Rear Disc Separator Kit

1. Screw the 5 pins into hub so they touch - See Image A
2. Turn hub and disc upside down and locate top of pins into holes - See Image B
3. Ensure all pins are located in all 5 holes. This can be confirmed by ensuring the top is level - See Image C
4. Place pushing boss on top and apply force - See Image D
